

## Second year - master course in Materials and Nanotechnology - 2M Mat&Nano

	Monday	Tuesday	Wednesday	Thursday	Friday
08:00					
09:00	ore 8:30-10:30 <b>Principles of Microfluidics</b> (1) (room C43 Ingegneria)	ore 8:30-11:00 <b>Biophysics</b> (2) (room NEST)		ore 8:30-11:00 <b>Biophysics</b> (2) (room NEST)	ore 8:30-10:30 <b>Computational Nanoelectronics and Metamaterials</b> (1) (room C33 Ingegneria)
10:00					
11:00	ore 10:30-12:30 <b>Polymer Science and Engineering</b> (1) (room C12 Ingegneria)	ore 11:00-13:00 <b>Rheology</b> (2) (room X2 Fisica)		ore 11:00-13:00 <b>Disordered and Off-Equilibrium Systems</b> (& Glass Transition) (2) (room T1 Fisica)	ore 11:30 -13:30 <b>Sustainable and Degradable Polymers</b> (1) (room C12 Ingegneria)
12:00			ore 11:30 -13:30 <b>Sustainable and Degradable Polymers</b> (1) (room C12 Ingegneria)		
13:00		ore 13:30-15:30 <b>Polymer Science and Engineering</b> (1) (room C12 Ingegneria)		ore 13:30-15:30 <b>Principles of Microfluidics</b> (1) (room C43 Ingegneria)	
14:00	ore 14:00-16:00 <b>Surface Physics</b> (2) (room P Fisica)				ore 14:00-16:00 <b>Rheology</b> (2) (room X2 Fisica)
15:00			ore 14:30-18:30 <b>Advanced Ceramics and Smart Glasses</b> (1) (room C12 Ingegneria)		
16:00					
17:00			ore 16:00-19:00 <b>Disordered and Off-Equilibrium Systems</b> (& Glass Transition) (2) (room P Fisica)		
18:00					
19:00					
20:00					

**NOTES:**

- 1) Courses held c/o the School of Engineering (Ingegneria) start from 26 September 2018
- 2) Courses held c/o the Department of Physics (Polo Fibonacci - Fisica) start from 18 September 2018
- 3) Courses held c/o the Scuola Normale Superiore (SNS) start from 2 November 2018
